

KEGG Term

Viral protein interaction
Ubiquitin and proteasome
Thyroid cancer
SNARE interaction
Signaling pathways
Regulation of cell
Protein metabolism
Progesterone
PD-L1
Parathyroid hormone
Other types
NOD-like
Metabolism of xenobiotics
Longevity regulation
Kaposi sarcoma associated
Inflammatory mediator
Human endoplasmic
Hippo signaling
Glycosaminoglycan
Fluid shear stress
Epithelial cell signaling in
Cell cycle control
Chemical carcinogenesis
Cell adhesion
Biosynthesis
Arrhythmogenic
Aldosterone
AGE-RAGE signaling pathway in
Acute myocardial infarction

$-\log_{10}(\text{p-value})$

8.31412e-08

cluster2
