GO:BP Enrichment Heatmap
response to wounding
antigen processing and presentation of peptide antigen
antigen processing and presentation of exogenous peptide antigen
MHC class II protein complex assembly
peptide antigen assembly with MHC class II protein complex
peptide antigen assembly with MHC protein complex
MHC protein complex assembly
antigen processing and presentation of peptide antigen via MHC class II
antigen processing and presentation of endogenous peptide antigen
antigen processing and presentation
antigen processing and presentation of endogenous peptide antigen
nucleic acid metabolic process
RNA metabolic process
RNA biosynthetic process
nucleic acid biosynthetic process
nucleobase−containing compound biosynthetic process
macromolecule metabolic process
nucleobase−containing compound metabolic process
primary metabolic process
regulation of primary metabolic process
regulation of nucleobase−containing compound metabolic process
